

The Muncy School District APP is available for free download through your electronic device's app store.

The Muncy School District APP is great for general information about upcoming school district events and timely notifications related to weather delays, dismissals or closings.

Please contact the district office, high school office or elementary school office if you need any assistance with any of the available features on the Muncy School District APP.

MUNCY SCHOOL DISTRICT MOBILE APP

In an effort to streamline school district information for students and parents, our school district launched the MUNCY SCHOOL DISTRICT MOBILE APP in 2016. You can download the MUNCY SCHOOL DISTRICT MOBILE APP to your mobile device through the Apple App Store or Google Play by searching for Muncy School District.

The MUNCY SD MOBILE APP allows you to receive regular updates from the school district in the form of push notifications to your mobile device. This includes general information about the school district such as the calendar of events, staff directory, school helpline information and links to different parts of the school district's website such as the athletics and food services web pages.
