

To download OpenVPN Client:

1. Open a web browser (Internet Explorer, Edge, Google Chrome, Firefox, etc.)
2. Go to <https://muncyopenvpn.muncysd.k12.pa.us>
3. When prompted, log into the OpenVPN site with your credentials.
4. When the following page appears, click “click here to download” to begin downloading the OpenVPN client.

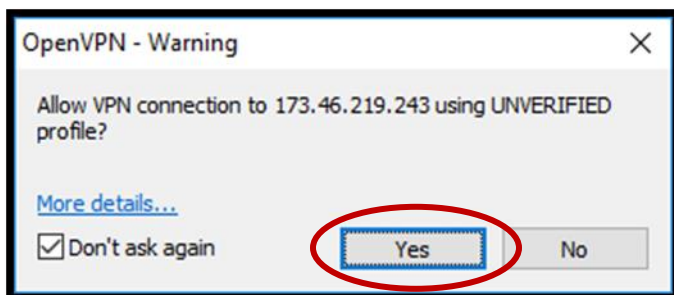

5. Click “Run” to install the downloaded client.

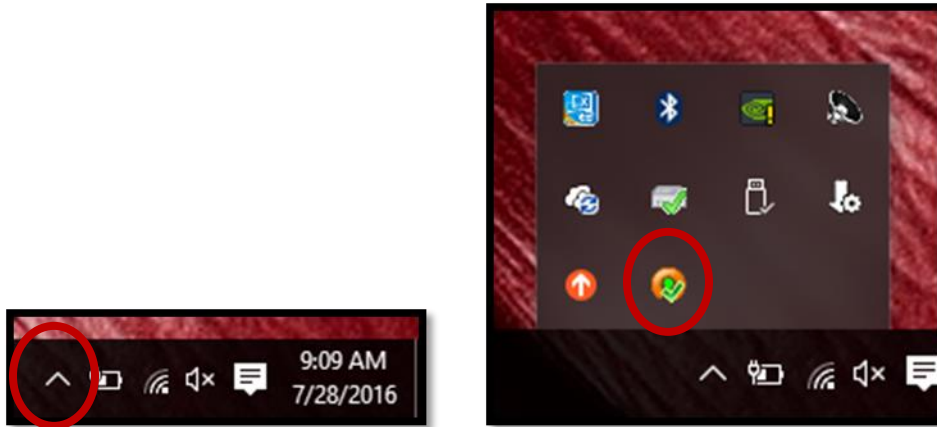

6. When the Client finishes installing, you should see this icon appear on your desktop. Double Click the icon and log in again to initiate the VPN connection.

7. If you see the following window, click “yes.”

8. To verify that you are connected, look at the hidden icons at the lower right-hand side of your screen. (Shown Below) The OpenVPN icon should have a **check mark** to show that you are connected to the VPN.

9. To disconnect, Click the icon with the check mark and then click **Disconnect.** The check mark will then change to a **red "X"** (Shown Below)
